Passion

photo by New Wave Photography

True love between a Bride and Groom takes passion to a whole new level. It's emotion bursting at the seams. Sometimes we get a rare look at passion, just one of love's many layers. Passion is hard to capture on film, as it is about an overwhelming feeling deep in your heart. Passion lives in the breathy moment before a kiss, an embrace, a look or a touch that is in just the right place. Passion can be hot and wild or sweet and tender. Passion has no rules. When we do get a peek at the emotional passion between a Bride and Groom we rejoice, for we know at that moment, their hearts are beating for each other.
