

Registry Checklist

Key items for every room in your home!

Note from The One:

Registering for wedding gifts is a necessary evil in wedding planning, but it doesn't have to be a nightmare. Keep a good attitude, be patient, and make sure to pick items you can live with for a long while. And guys, don't ask WHY you need four different types of spoons. You never know when a spoon shortage is going to happen! But seriously, registering is a good thing. Your friends and family are provided with a list of gift items you actually want, instead of playing the guessing game about what in the world you might need for your new kitchen. Register for more than you think you'll need and make sure you have lots of affordable items for all ranges of income levels. Keep this list handy while you are shopping and don't get overwhelmed. Remember, you can always return things if you change your mind!
